

Irreversible Closure • One-page Audit

CI-001 V1.4 • Form F1.0 • Before the last effective path disappears

Use ~60 minutes for one party and capacity; attach longer evidence by ID. Self-assessment is not an independent ruling.

1 = verified effective; 0 = verified failed; ? = unknown. R is current; 0/0/0 alone does not establish irreversibility.

A.1 | Object and current structure

Field	What to record	Response / evidence ID
ID / mode	ID, date; self-assessment or governance; assessor and interests	
System / version	Name, version/configuration; dependencies and responsible party	
Party / capacity	Party/group, capacity/control relation; representative and qualification evidence ID	
Candidate party	If relevant: evidence, unknowns, limits and review ID for the five identification clues	
Scope / window	Scope, phase, time assessed; closing event and basis; source provisions / 72 h if adopted	
C Correction	1 / 0 / ?; initiator, responder, executable path, evidence ID and validity period	
E Exit / refusal	1 / 0 / ?; exit/alternative, actual cost, successor and evidence ID	
R Recovery now	1 / 0 / ?; resources, authority, current gaps, test results and evidence ID	

A.2 | Rebuilding, review and correction

Field	What to record	Response / evidence ID
§ 2.4 Finding	Rebuildable / structurally irreversible / irreversible under stated real-world conditions / insufficient evidence; path, test and evidence ID	
Rebuilding / gaps	Missing conditions, alternatives, resources, authority, time; assumptions, unknowns, evidence owner and deadline	
Four reviews	Fact / rights / effects / time: owners, evidence, findings and dissent record IDs	
Authority / review	Authority, recusal, independent evidence access; not available / not completed; external review needed	
Finding / force	Self-assessment or independent ruling; scope, basis, responsible party, date and dissent handling	
Action / continuity	Target, authority, essential services, preservation, successor; assess the action itself using C/E/R (§ 3.3)	
Limits / correction	Start, expiry, review, release conditions, appeal route/reviewer; withdraw false findings and repair recoverable effects (§ 4.1)	
Feedback / retest	Problem, change, retest, owner/date; unknowns or misses: evidence owner, deadline and review triggers (§ 4.2)	

Attach candidate-party evidence if relevant. Mark missing independent review. Measures must allow correction, appeal and termination.
